A contract of carriage is also fulfilled in the event of the completion of transport services in an extent other than the agreed-upon extent, if the passenger has been lawfully offloaded from the train by an authorized person.

3. "Authorized person" shall refer to the following employees of RJ, or their contractual partner, who can show a proof of identity (employee ID) and who is on duty in any of the following capacities: steward-crew, trainmaster-teamleader, driver, dispatcher, transport coordinator, ticket inspector, QA inspector and ticket agent.

## **Article III: Rights and obligations of the carrier**

1. By concluding the contract of carriage, the carrier undertakes to transport the passenger from the departure station to the arrival station shown on the passenger's ticket properly and in due time.
2. A contract of carriage is concluded if the passenger has exercised their right to carriage arising from the ticket by boarding the train with the valid ticket and has commenced their required transport. The contract of carriage is also concluded if RJ has allowed the passenger to board the train without a valid ticket, provided the passenger purchases it immediately after boarding.
3. The contract of carriage is fulfilled upon the proper completion of transport services in the agreed-upon extent pursuant to the contract of carriage. A contract of carriage is also fulfilled in the event of the completion of transport services in an extent other than the agreed-upon extent if the passenger has been lawfully offloaded from the train by an authorized person.
4. The passenger acknowledges the fact that the provision of extra services as advertised, in particular hot beverages and cold drinks, snacks, Wi-Fi, an entertainment portal, newspapers, a steward(ess) and other marketing bonuses is entirely at the discretion of the carrier and the conclusion by the passenger of a contract of carriage with the carrier does not carry any right to the provision of these services. In the event of a lack of time, or in the case of unexpected adverse circumstances, the aforementioned services are not provided. Save for line R8 (Brno–Bohumín), entitlement to the aforementioned services does not apply to passengers within the integrated public transport system of the Moravian-Silesian Region according to the ODIS tariff in connections served by category RJ trains.
12. Subject to the applicable provisions of the relevant legal regulations, the carrier reserves the right to make changes in timetables, types of carriages used or seats, or to use other means of transport in the event of unexpected incidents on the track. In the event of any timetable change, the passenger is entitled to reimbursement of the fare paid (or any part thereof, where a ticket has been used on a part of the journey), provided the passenger is unable to use the ticket for the entire journey. The right to said reimbursement does not apply in such cases to holders of integrated public transport tickets, fixed-period route ticket and Eurail/Interrail holders. Passengers travelling with SJT One Tickets refer to SJT TCC - published as a separate document issued by Cendis s. p.
- 5.
6. The passenger is entitled to compensation in accordance with the EU regulation on the rights and obligations of passengers and in accordance with RegioJet's internal regulations as part of the company's business policy "On-time Arrival Guarantee".
7. The carrier is entitled to refuse carriage of a passenger who is intoxicated (under the influence of alcohol, drugs, etc.).
8. During booking, the carrier undertakes to best meet the passenger's requirements vis-à-vis the available seats on R trains, in terms of Low cost tariff (Class 2), Standard tariff (Class 2), Business tariff (Class 1) or RJ trains, in terms of Low cost tariff (Class 2), Standard tariff (Class 2), Relax tariff (Class 2) and Business tariff (Class 1).

9. In the event of any payment in cash on a train, the carrier is obliged to accept cash corresponding to no more than five times the value of the purchase/service.
10. The passenger acknowledges that the return of money to a bank account is only possible to holders of bank accounts in the Czech Republic, the Slovak Republic, the Republic of Austria and the Federal Republic of Germany.
11. The prices of the carrier's ticket bought on the train are governed by the carrier's price list. The carrier is entitled to determine the prices of tickets bought on trains in accordance with their internal regulations. The prices of tickets on the R8 line within the respective integrated public transport systems are governed by the valid prices of these integrated public transport systems as listed in the tariffs and the appendices of the respective integrated public transport systems. Passengers travelling with SJT One Tickets refer to SJT TCC - published as a separate document issued by Cendis s. p.
12. The passenger acknowledges the fact that open-space ASTRA carriages operated under the Standard tariff on category RJ trains constitute a "quiet zone" (they do not constitute a "silent compartment") with a limited service. Complimentary water and newspapers are not provided to passengers with ODIS fixed-period route tickets on RJ Návsí-Prague trains in the Low Cost tariff carriages.
13. The carrier RegioJet a.s. provides an additional refreshment service (online catering) on its selected train lines. Refreshments can be ordered and purchased using the STUDENT AGENCY k.s. mobile application. Payment can be made using available online payment methods.
14. The passenger acknowledges the fact that the provision by the carrier of complimentary snacks, and the provision of snacks and refreshments the passenger may purchase, is subject to availability.

## **Article IV: Rights and obligations of the passenger**

1. Having concluded the contract of carriage, the passenger undertakes to abide by the Terms and Conditions of Carriage and to pay the price of carriage ("fare") pursuant to RegioJet's applicable tariff, or to produce a ticket issued according to the tariff of the respective integrated public transport system, SJT, Eurail or Interrail.
2. In order to verify the conclusion by the passenger of the contract of carriage, the passenger must be able to produce a valid ticket during the contract's period of performance. "Valid ticket" can refer to the number of the reservation with RJ, RJ's QR code, a printout of an RJ ticket, an RJ ticket displayed on a mobile device, SJT, Eurail or Interrail tickets, or tickets issued within the ODIS, IDSOK or IDS JMK integrated public transport systems, as the case may be.
3. By purchasing a ticket/charging their account (RegioJet Pay), the client agrees with the TCC and grants RJ consent to the processing of personal data and consent to these conditions.
4. Upon receiving their ticket, the passenger is obliged to make sure the data on the ticket conforms to their requirements. The passenger is entitled to refuse a ticket with inaccurate data. Any subsequent claims related to erroneous data on the ticket shall be treated as a cancellation, subject to the applicable conditions of cancellation, and not as a complaint.
5. If the passenger misses their train through their own fault they are not entitled to the reimbursement of their fare. In the case of a ticket consisting of several legs of a journey, boarding refers to boarding the first connection on the entire journey. Failure on the part of the passenger to make use of any leg of a journey consisting of several legs, for which the passenger is at fault,

causes the loss of the right of carriage on the remaining legs of the journey on the ticket, as well as any right to reimbursement of the unused fare. This provision does not apply to holders of fixed-period route tickets, IDS JMK, IDSOK and ODIS tickets, and the holders of Eurail and Interrail cards. Passengers travelling with SJT One Tickets refer to SJT TCC - published as a separate document issued by Cendis s. p.

6. No reimbursement is granted for unused or partially used tickets, unless stipulated by the carrier otherwise.
7. The passenger is entitled to reimbursement of the fare paid if the connection which the passenger intended using is delayed by 30 and more minutes and the passenger, being a holder of a valid ticket, has renounced their carriage. This provision does not apply to holders of fixed-period route tickets, integrated public transport ticket holders and the holders of Interrail/Eurail cards. Passengers travelling with SJT One Tickets refer to SJT TCC - published as a separate document issued by Cendis s. p.
8. The passenger is entitled to reimbursement of the fare if the carrier fails to provide carriage.
9. If, due to circumstances caused by the carrier and the resulting delay, the passenger loses a connecting bus/train within the same contract of carriage, or where a commenced transport on a connection was not completed, the passenger is entitled to one of the following:
  - 9.1. carriage by the earliest suitable connection operated by the carrier to the destination station;
  - 9.2. carriage by the earliest suitable connection operated by the carrier to the departure station and reimbursement of the fare;
  - 9.3. reimbursement of the fare for the unused part of the journey;
  - 9.4. compensation as set out by the European passenger charter pursuant to EU legislation;
  - 9.5. the passenger is not entitled to any reimbursement of fare within an integrated public transport system (ODIS, IDSOK, IDS JMK); the provision also applies to the holders of Eurail and Interrail cards and RJ fixed-period route tickets.
  - 9.6. Passengers travelling with SJT One Tickets refer to SJT TCC - published as a separate document issued by Cendis s. p.
10. The passenger is not entitled to compensation of damage if they were not transported on time.
11. The passenger must claim any compensation granted to them within 6 months. Outstanding balances up to CZK 10 (EUR 0.50), or the equivalent in various currencies, can be withdrawn in cash at points of sale/used for booking other tickets only within three months of the occurrence of the balance.
12. The outstanding balance on the account (RegioJet Pay) arising from cancellation, reimbursement or charging can be withdrawn at RegioJet/STUDENT AGENCY points of sale or used to purchase tickets in future. Balance on the account arising from reimbursements which exceed CZK 500 (EUR 20) can only be withdrawn upon submitting proof of identity. This provision also applies to the withdrawal of the balance from a multiple account; reimbursement for fixed-date tickets require that the passenger produce the original ticket; reimbursement for Open tickets and E-tickets require matching e-mails with the accounts. The balance on a ticket without the holder's name can be withdrawn as long as it does not exceed CZK 1,000 (EUR 40). In the case of any withdrawal exceeding CZK 1,000 (EUR 40), the ticket must have the holder's name (be identified) and proof of

identity is required. Where a ticket is identified, proof of purchase is required at all times. The outstanding balance cannot be transferred to bank accounts, nor can it be used for purposes other than the purchase of tickets or on-board services. The outstanding balance arising from online transactions (credit card, PayU, etc.) at [www.regiojet.cz](http://www.regiojet.cz) will be reimbursed in the same manner, as they cannot be withdrawn in cash. RegioJet Pay can only be charged in the currency determined upon the creation of the account; the maximum deposit is CZK 5,000 (EUR 200). Amounts beyond these limits can be charged online (credit card, PayU, etc.) at [www.regiojet.cz](http://www.regiojet.cz).

13. The price or part of services of STUDENT AGENCY k.s. and RegioJet a.s. can be paid using gift certificates issued by STUDENT AGENCY k.s. The certificate cannot be redeemed for cash, even in the case of cancellation. Certificates can be used at STUDENT AGENCY k.s. and RegioJet a.s. points of sale. No compensation is granted for lost or stolen certificates. The certificate always shows an expiration date.
14. In particular, passengers are not allowed to:

16. Passengers are obliged to abide by the instructions and orders given by authorized persons of the carrier for the sake of safe, smooth and uneventful carriage. Passengers may board and disembark only at a station used for regular passenger services, and only provided it is a regular station according to the timetable.
17. Where the train has stopped at a place where, according to the valid timetable, the train does not have a scheduled stop, passengers may disembark only if and when so instructed by the carrier's authorized person or other authorities (police, emergency services, etc.).
18. When taking their seat, the passenger is obliged to abide by the instructions of the carrier's authorized persons.
19. One passenger is entitled to physically occupy more seats, as long as they have paid the regular adult fare for all of them.
20. The passenger shall lose their right to their seat reservation if not taken within 15 minutes of the scheduled departure from the station (subject to any current delay). This provision does not apply to passengers pursuant to Article IV, Clause 19 of these TCC.
21. All of the carrier's connections on RJ commercial lines are operated in the category RJ and are "seating reservation recommended". This means the passenger may board without a valid ticket or with a ticket without seat reservation. If no seat is available throughout the journey, the steward will assign to the passenger a place to stand, which the passenger is obliged to accept. This provision does not apply to passengers with fixed-period tickets in the ODIS system on the Návší-Prague line who have seats assigned in the Low Cost carriage (first twenty seats with the lowest numbers).
  - 21.1. The decision to allow standing passengers in the case of a fully occupied RJ train rests entirely with the trainmaster-teamleader. The passenger will be assigned a place to stand and they must accept it. Carriage of standing passengers is only allowed in Low Cost and Standard Carriages. 22. All connections on RegioJet's R8 line are operated as category R trains (*fast train*). Passengers may board a RegioJet R8 train without a valid ticket. If a seat is not available throughout the journey, the steward shall assign to the passenger a place to stand, which the passenger must accept. Where the passenger boards the train without a valid ticket, they shall pay the fare plus a handling fee according to the applicable tariff for the issue of a ticket on a train at a staffed station.
23. Should the passenger discontinue their journey, the ticket shall become void. This provision does not apply to an integrated public transport system ticket, a RJ fixed-period route ticket or Eurail and Interrail tickets. Passengers travelling with SJT One Tickets refer to SJT TCC - published as a separate document issued by Cendis s. p.

24. The passenger acknowledges and agrees that all calls between them and RegioJet are monitored.

## **Article V: Exclusion from carriage**

1. A passenger may be excluded from carriage or ordered to discontinue their journey (even at stations where the train does not have scheduled stops) if, in spite of a prior warning, they:
  - 1.1. breach the provisions of Article IV Clause 15 and Article IX Clause 6;
  - 1.2. act in a disruptive manner, play loud music or use audio-visual equipment in a disruptive manner, or cause nuisance due to other forms of improper behavior, smell, etc.;
  - 1.3. have clearly boarded the train under the influence of alcohol or another addictive substance;

  - 1.6. have in their possession and consume their own alcoholic beverages;
  - 1.7. exhibit inappropriate or disruptive behavior towards RJ employees or other passengers;
  - 1.8. endanger the safety of RJ employees, other passengers, or themselves;
  - 1.9. fail to abide by these TCC or instructions and orders given by the carrier's authorized person.
2. A passenger who has been excluded from carriage is not entitled to reimbursement of the fare paid.
3. If a passenger refuses to discontinue their journey or produce proof of identity, the police will be called to assist since the passenger's behavior constitutes a misdemeanor pursuant to the legal regulations in individual countries. In the case of the Czech Republic, the relevant provisions are those of Section 50 1c), e) or f) of Act No. 266/1994 Coll., on rail systems, as amended. Where the passenger's conduct is found to have met the criteria of a misdemeanor under the previous sentence, the police may fine them CZK 10,000 in the case of a misdemeanor under e); CZK 1,000,000 in the case of misdemeanor under c); or CZK 10,000,000 in the case of a misdemeanor under f).
4. Should a passenger who has been excluded from carriage, again board a RegioJet carriage, they shall be treated as a passenger without a valid ticket, despite having on their person a travel document proving the performance of a contract of carriage for that connection, since the said performance had been terminated upon the exclusion of the passenger from carriage.
5. Where the exclusion of a passenger from carriage results in damage suffered by RegioJet (e.g. property damage, pecuniary damage due to unscheduled stops or delays), the company shall claim this damage from the passenger.
6. The carrier also has the right to terminate the passenger's transport and hand him over to medical service (even without his consent) if the further journey would endanger his own health, the health of employees or other passengers with regard to the passenger's state of health. In this case, the passenger is entitled to a refund of part of the fare for the missed part of the journey stated on the ticket, or a refund of the entire fare paid in case the passenger will not be transported from

the departure station. This does not apply to passengers with an Integrated public transport ticket (IDS JMK, ODIS, IDSOK), a fixed-period route ticket, passengers with Eurail and Interrail tickets. Passengers travelling with SJT One Tickets refer to SJT TCC - published as a separate document issued by Cendis s. p.

The administrative surcharge will be deducted if the passenger pays at RJ or STUDENT AGENCY point of sale within five days of completing the trip. If the Report is not paid within five days, the legal enforcement of the claim stated on the Report will be proceeded.
